

TCQ's

At INSOMNIAC Live! we believe in operating with transparency, consistency and quality; we refer to these characteristics collectively as our "TCQ's" and they are the cornerstone of everything that we do.

Transparency

Our commitment to transparency is motivated by a belief that you, as our customer, have the right to see into our operation. We want you to know why we do what we do, how we do it, and how our operation can best benefit your business. Our pricing is clear and well-defined.

Consistency

INSOMNIAC Live! delivers solutions our customers can count on; day after day, call after call, we know that only the highest level of consistency gives you the peace-of-mind you need to rest assured that your business is being taken care of.

Our commitment to consistency is evident in all that we do, from the range of products we offer, to the quality we guarantee, you can take comfort in the knowledge that we're doing the same high quality work for you today as we did yesterday, and we'll give you the same performance tomorrow.

Quality

It is very easy to say that you stand for quality, or believe in the importance of delivering a quality product; in fact, very few vendors in any industry fail to make this claim. But what really matters isn't a belief in the importance of quality—or even a desire to deliver it—what matters is the evidence that quality is actually present.

At INSOMNIAC Live!, we are committed to delivering on our quality promise, and making sure that the highest level of quality is palpable in the product we deliver. Professionalism is at the heart of our quality promise, and this is something our customers will hear in every single call. The product we deliver doesn't just appear to be of good quality, our product doesn't just sound like good quality either; the product we deliver truly represents the highest standards in the industry, and you can count on it. Guaranteed.
